

# HOW TO CREATE A FACEBOOK BUSINESS PAGE

## BRANDING 101

**Facebook continues to be the best social media resource for small businesses, just like yours.**

We hear all the time that Facebook is dead. It's not, and it is where your clients and potential clients are hanging out and researching from everyday.

If you want to be taken seriously as a professional, you really need a Facebook Business/Fan page.

Watch the video below, and I'll show you, step-by-step, exactly how to set your page up. Once you have yours up, click the link below and tell me in the comments that you have. Not only will I follow you, but your page could be featured as well.
